Power of Attorney

In response to your Power of Attorney filed 09/10/2003, the Office is unable to comply with the request because:

- ☐ The person or people whom you would like to add was not listed in the Power of Attorney that was entered into the application (to add one or more patent practitioners a new power of attorney is required), or the registration number was omitted from the Power of Attorney (the name and registration number are required for a patent practitioner to be made of record).
- ☒ The Power of Attorney you provided did not comply with the new Power of Attorney rules that became effective on June 25, 2004. More than 10 registration numbers were provided. See 37 CFR 1.32.
- ☐ The Power of Attorney you provided did not designate the Power of Attorney to your Customer Number. If you would like the Power of Attorney to be associated with the practitioners associated with the Customer Number, a new Power of Attorney must be provided revoking the Power of Attorney that has been established and designating the use of the Customer Number for Power of Attorney.
- ☐ The spelling of attorneys' names shown on the filing receipt must be corrected by contacting the Office of Enrollment and Discipline, (703) 306-4097.
- ☐ The filing receipt will only show up to 10 attorneys for the Power of Attorney. If Power of Attorney was established before June 25, 2004 and more than 10 attorneys were appointed, the filing receipt will only show the first 10 that were entered into the Office's computer database.
- ☐ Only one Customer Number can be designated for the Power of Attorney in an application. The Customer Number that was captured is the first Customer Number provided on the Power of Attorney document.
